

CALL FOR PARTICIPANTS YOUTH EXCHANGE "JARDICIPATION"

Creation of tutorials on eco-practices and organic gardening

Better learning is accompanied by active experimentation, Come and take part in an **experience of making tutorials on ecological practices** in an **intercultural context**.

The objective is to share these practices on a **YouTube channel** with content dealing with **gardening, wastes management,** and **other eco-responsible daily actions,** etc.

So come and share your knowledge to make tutorials !

The stay will be divided into 3 parts

- 1 Workshop and activities to define and to realize the concrete actions to be carried out on the site of the Vir'Volt association;
- 2 Meetings with the citizen group of locals and associations dealing with the climate issue;
- 3 Production of audiovisual contents of YouTube tutorials to feed the Vir'Volt channel.

Community life

The participants will take part in the daily organisation in the eco-village of Vir'Volt (cooking and cleaning task) and they will be active part in the creation of the activities planning.
